**1º.-** El objeto de este expediente administrativo es la adquisición y cesión de equipos necesarios para realizar las pruebas diagnósticas del área de hematimetría: hemogramas, reticulocitos, frotis de sangre periférica y velocidad de sedimentación globular; del área de hemostasia: estudios básicos de hemostasia y coagulación y determinaciones especiales, incluyendo estudios funcionales plaquetarios; del área de citometría de flujo para el diagnóstico y seguimiento de las neoplasias hematológicas y procesos afines; del área de genética hematológica: estudios mediante técnicas de FISH y ciertos análisis genéticos moleculares, para la realización dichas pruebas diagnósticas es necesaria la adquisición y cesión de equipos.

Para poder dar cobertura a las prestaciones indicadas, se propone la tramitación de este expediente por los procedimientos regulados en la Ley 9/2017, de 8 de noviembre, de Contratos del Sector Público.

**2º.-** El presupuesto máximo de licitación, para el presente contrato, de conformidad con el plazo de ejecución del mismo, asciende a la cantidad de 2.680.136,04 euros, al que le corresponde una base imponible de 2.214.988,44 euros y un IVA de 465.147,60 euros.

El valor estimado del contrato, considerando la eventual prórroga y un 20% de modificación prevista en los pliegos asciende a un importe de 5.980.468,79 euros

**3º.-** Para el cálculo del importe del contrato, se han tomado como referencia los consumos producidos durante un año, el posible incremento de consumo durante la vigencia del contrato, así como los precios ofertados por proveedores del sector y el análisis de mercado obtenido por la revisión de diferentes adjudicaciones en concursos de similares características y los precios que se vienen abonando actualmente.

En el cuadro se desglosan los consumos del último año de los materiales adquiridos para la realización de estas técnicas, todos adquiridos por compra menor.
